ABOUT US

ABOUT US

TAILOR-MADE SOLUTIONS

Fruity ideas inspired by the fresh breeze of the sea: As a family-run business with roots dating back to 1883, Paradise Fruits Solutions was founded in northern Germany in 1986. Our mission: The international food industry needs more and more high-quality ingredients with a high fruit content – and that's exactly what we deliver!

Whether Granulates, Shapes, Drops, or Pastes: Using modern production facilities, comprehensive expertise, and in close collaboration with our customers, we create customized fruit solutions for individual products and unique applications.

WE MAKE IT HAPPEN

Our ultra-fast technology does the trick: We process large quantities of fruit juices and purees into versatile, highly concentrated products. An innovative process with clear advantages: Our recipes contain no artificial additives or preservatives; yet we still manage to guarantee a long shelf life for our products.

CERTIFICATIONS

- FSSC 22000
- EU Organic
- NOP
- Kosher
- Halal
- SMETA
- Gluten-Free
- RSPO

THAT SPECIAL SOMETHING EXTRA

Infinite possibilities: We process virtually any fruit – pure or in custom blends – with up to 100% fruit content. Vegetable varieties and blends are also part of our portfolio. Many products can be specifically supplemented with functional ingredients such as vitamins, minerals, electrolytes, prebiotics or probiotics, and dietary fiber. For advanced dietary supplement solutions, we work closely with our sister company, Paradise Fruits Health.

APPLICATIONS

APPLICATIONS

INTO THE OVEN

Jam-soft yet dimensionally stable fruit components in croissants, cakes, or muffins? Fruity fillings for pastries? With the highly concentrated Granulates, Pastes, and Drops from Paradise Fruits Solutions, nothing is left to be desired when it comes to creative and innovative baking. Together with our customers, we find the perfect fruity solution for all baked goods!

SWEET INNOVATIONS

Chocolate and more with that special something: fruit ingredients transform classic confectionery into special moments of indulgence. The Granulates, Pastes, and Drops developed by Paradise Fruits Solutions can be seamlessly integrated into our customers' production processes.

Innovative chocolate products often require custom formulations to ensure optimal processing of fruity ingredients. Through close collaboration with our customers, we turn ideas into successful product concepts.

APPLICATIONS

DREAM TEAM WITH AN EDGE

Popular, versatile, and perfect as a snack between meals: granola bars and other bar products are totally on trend with consumers. Our Granulates, Shapes, Drops, and Pastes are the ideal ingredients for enhancing bar and cereal concepts with both fruity flavor and premium quality.

Soft, fat-free fruit fillings – enveloped in crispy, crunchy cereals – add a modern, fruity touch whether at home or on the go. With a wide selection of sizes and shapes, we ensure even distribution and optimal enjoyment in every bite.

APPLICATIONS

SNACKS WITH A FRUITY TWIST

Our Drops and Shapes show what fruit gummies are truly capable of: With their exceptionally high fruit content and no added sugar, they offer authentic flavor and also serve as a natural base for innovative snack concepts.

Thanks to flexibly developed recipes, a wide variety of sizes, forms, flavors, and applications can be realized – ideal for brands looking to stand out on the snack shelf with fruity, innovative products.

CUSTOMIZED SOLUTIONS
